Background information on Project Aid The Gambia (International NGO A57)

Since 1986 "Project Aid The Gambia" (International NGO A57) has been running several projects in The Gambia. The focus of the activities lies on the sister villages Jahaly and Madina located in Central River Division at the South Bank in a 270 kilometer´s distance from the Kombo region.

The Gambia Management team is organizing the projects on the ground. The German NGO, called "Project Aid The Gambia" also, is funding the Gambian Project Aid. The organization in Germany has got about 50 members and about 320 friends and supporters, who are donating to the projects and doing fundraising events.

The administration costs of the German organization are extremely low, about 2.0per cent of the organization´s incoming donations (2016).What this means is: from every single Euro that is being donated, about 98 Euro cents go directly to the people of Jahaly and Madina. The projects are:

- Jahaly Health Centre in Jahaly (since 1991)
- Jahaly/Madina Kindergartenwith nursery school (since 2004),
- Women´s gardening projects (since 2003)
- Construction of eco-friendly smoke-free ovens (since 2010)
- Moringa Plantation (since 2012)
- Construction of the model clinic "NjabaKunda Health Centre" in the village NjabaKunda- North Bank Division - (2011/12)
- Overseas surgery of Gambian children (since 2012), who can´t be treated in The Gambia - a cooperation with the German NGO "Friedensdorf (Peace Village) International".
